

Entering the World of Fried Dirt

You are entering the world of Fried Dirt (Fried Dirt)

It may seem a little scary at first (Fried Dirt)

But don't worry your little head (Head)

In the morning you won't be dead

You are entering the world of Fried Dirt (Fried Dirt)

This is not just another intro (Fried Dirt)

And like a map intro tells you

Which way to go

Fried Dirt loves our intros (Fried)

We love our intros (Dirt)

Fried Dirt's intros tell you where to go (And you know where that is)

Tiki Tiki Friki Diki (4x)

Tiki Tiki Friki Diki (4x)

We're just two lost sailors

Floating out at sea

'cause two Jap torpedoes

Slammed into our ship

Now we're on the island of the Tiki Tikis

And they want us to kill the evil Friki Diki
