

## Fishy Pooh

I went out one night  
To find myself a friend  
So I went out  
And bought myself a fish  
He was like my child  
My bestest buddy (buddy)  
But I returned home  
Only to find

My friend

My friend

Had died

Oh why

Flush him down the toilet

Flush him down the toilet

Flush him down the toilet

Flush him down the toilet (Fishy Pooh Why)

Where did you go where did you go

Why did you die why did you die

Where did you go where did you go

Why did you die why did you die

Round and round and round and round

Round and round and round and round

Round and round and round and round

Round and round and round and round

Where did you go where did you go

Why did you die why did you die

Where did you go where did you go

Why did you die why did you die

Flush him down the toilet

Flush him down the toilet

Flush him down the toilet

Flush him down the toilet (Fishy Pooh Why)

Flush him down the toilet

Flush him down the toilet

Flush him down the toilet

Flush him down the toilet (Fishy Pooh Why)

Oh my little Fishy Pooh

Why did you die

Come back from the sewer to me

Fishy Pooh (4x)
