

Is It Sad

This is the saddest thing I've ever known.

I can't believe I even wrote it.

The tears in my eyes

Show you how sad I am.

I don't think I'll finish this song.

I look outside and I see rain.

Like little tears on the windowpane. (pain)

The wind grows cold and I wonder why.

Will this rain make me cry?

I try to watch tv but all was sad.

About two football buddies and things went bad.

One was a star and the other died.

When I heard the song I cried.

This is the saddest thing I've ever known.

I can't believe I even wrote it.

The tears in my eyes show you how sad I am.

I don't think I'll finish this song.

Is it sad to say goodbye?

Is it sad when a tear comes to your eye?

Is it sad when you sing a love song?

Is it sad when you're all alone?

Is it sad, is it bad is it sad (4x)
