

Old Man Metal

Old man metal

He's an old man

Walking down the street

He plays air guitar to a metal beat

(Chorus)

He's an old man (2x)

He needs metal (2x)

Watch him at the show

Playing air drums

He starts to bang his head

He hurts his neck

(Chorus)

He's got long hair

On his balding head

He likes to sing the songs

He doesn't know the words

(Chorus)

He likes the old bands

He misses big shows

Ratt and Dokken

At the dome

(chorus)
